PROFESSIONAL SUMMARY

Electronics and Communication Engineering student with strong interest in Machine Learning and Full-Stack Development. Skilled in building AI-powered applications using Python, React, and Node.js, with hands-on experience in data preprocessing, model building, and REST API integration. Actively learning Data Structures and Algorithms and seeking internship opportunities in software engineering and machine learning.

EDUCATION

Haldia Institute of Technology

Bachelor of Technology in Electronics and Communication Engineering — CGPA: 8.55

Haldia, West Bengal

Sept. 2023 – Present

CM Science College

Intermediate in Science — 86%

Darbhanga, Bihar

Aug. 2020 – March 2022

Rose Public School

Matriculation — 92%

Darbhanga, Bihar

Apr. 2019 – March 2020

INTERNSHIP

In-House Machine Learning Training — Euphoria GenX

Jan 2026 – Present

- Implemented supervised learning models including Linear Regression on real datasets
- Performed data preprocessing, cleaning, and feature selection using Pandas and NumPy
- Worked on end-to-end machine learning pipeline from preprocessing to evaluation

PROJECTS

Customer Churn Prediction System

Feb 2025 – Present

- **Tech:** Python, Scikit-Learn, Pandas, NumPy, Matplotlib
- Built a machine learning model to predict customer churn using Logistic Regression and Random Forest
- Achieved **85%+ accuracy** and evaluated using precision, recall, F1-score, and confusion matrix
- Visualized feature importance to identify key factors affecting customer churn

Contextual Clarity — AI Document Understanding

Dec 2024 – Feb 2025

- **Tech:** React, Node.js, Tailwind CSS, OpenAI API
- Developed an AI-powered document analysis tool for summarization and insight extraction
- Integrated OpenAI API for semantic understanding and context-based responses
- Built responsive frontend using React and handled API calls efficiently

POSITIONS OF RESPONSIBILITY

Content Writer & Public Relations Manager — TaruGuardians

2024 – Present

- Managed public relations and communication strategies for the club
- Created content for social media, events, and announcements

Content Writer — Entrepreneurship Cell (E-Cell), HIT Haldia

2024 – Present

- Developed content for social media and event communication
- Participated in National Entrepreneurship Challenge (NEC)
- Achieved **All India Rank 244** in NEC competition

TECHNICAL SKILLS

Languages: Python, C++, JavaScript

Web Development: React, HTML, CSS, Tailwind CSS

Machine Learning: Scikit-Learn, Pandas, NumPy, Matplotlib

Core Concepts: Data Structures and Algorithms, OOPs

Tools: Git, GitHub, VS Code, Figma
